

Velve-San Liquid

Product Code: 1982
Availability: Out Of Stock
Weight: 0.00kg
Dimensions: 0.00cm x 0.00cm x 0.00cm

Description

Velve-San Liquid is an alcohol-based hand and surface sanitizer suitable for use in the food industry and medical environment to reduce the spread of microbial contamination in the food production and health care environments. The product has a residual anti-bacterial action and is fast drying and gentle on hands. Velve-San Liquid is applied via spray or dip to clean surfaces or washed hands.
